

March TOUR & MEETING
Thursday, March 15, 2007

TOUR INFORMATION:

Where: Coleman Beacon Plant
5605 N 119th Street W
119th W & 53rd Street N

Date: Thursday, March 15th
Time: 5:15 P.M.

TOUR HIGHLIGHTS:

The Coleman Beacon plant is the leading plant of only one of two plants in the world that manufacture a 16.4 ounce disposable gas cylinder. While nearly everyone has used these products at home on a gas grill or on a camping trip, few people get a chance to see how they are made.

PROGRAM INFORMATION:

Mr. Michael Lunsford with DHL will be speaking. His topic is "The Future of Shipments". He will speak about working with a global shipping company to make your businesses more efficient.

Special thanks to the Coleman Beacon Plant for sponsoring this event.

1st VP Terry Marx of WMA presents the WMA plaque to Mark Lester of Coleman

Mike Lunsford of DHL
